

## **Buena Vista Palace partners with PSAV for on-site Event Technology**

**LAKE BUENA VISTA, Fla. – Sept. 1, 2008** – Buena Vista Palace Hotel & Spa ([www.BuenaVistaPalace.com](http://www.BuenaVistaPalace.com)), an official hotel of the Walt Disney World® Resort, is pleased to announce a new partnership with PSAV® Presentation Services, a leading global provider of audiovisual and event technology to hotels, associations, producers and meeting planners. As the property's sole provider of such services, PSAV will handle everything from intimate seminars to elaborate productions.

"We are eager to share with our clients the benefits of our new partnership with PSAV, who have one of the largest progressive audio-visual inventories in the state of Florida," says Greg Hauenstein, managing director of Buena Vista Palace. "With their full-service production capabilities, they will enable our guests to secure all AV and technological needs through a single source, increasing the ease and efficiency of doing business at the Buena Vista Palace."

Indeed, working with one contact for all technology needs—including network services, rigging, power distribution and audiovisual services—considerably lowers overall costs and hassles for planners. Plus, with PSAV's intimate knowledge of the hotel's meeting space and operations, staging events large and small will be a breeze.

"PSAV is delighted to have been selected as the event technology partner for Buena Vista Palace," says Digby Davies, chief executive officer of PSAV. "PSAV is committed to making every event an unforgettable experience at the Buena Vista Palace. We look forward to our new relationship and mixing creativity with the right technology to guarantee an exciting, stress-free and effective experience for visitors around the world."

A winner of every major meeting industry award, the newly renovated Buena Vista Palace has distinguished itself as one of the nation's top meeting destinations, offering unsurpassed service and sophisticated meeting facilities with the most advanced technological capabilities. Boasting dramatic interiors and state-of-the-art technology in lighting, sound, video and networking, the resort's 90,000 square feet of meeting space is considered among the best in Central Florida. Rooms include the 23,000-square-foot Event Center and the 18,000-square-foot Empire Ballroom, while breakout rooms range in size to accommodate groups as small as 10. On the hotel's 27th floor, a new private meeting and event venue, 20Seven, features a 360-degree view of the entire Orlando skyline, including the best view of the nightly Epcot and Magic Kingdom fireworks displays.
